## Announcing The New Series Chandler Dispatch

THE Chandler Dispatch, for a year past, has outsold all other cars of the sport type. The Chandler factory has been unable to build this car in quantities which could fill the demand. Its popularity is one of the high spots in motordom.

And now comes the new series Dispatch—a snappy, handsome car. Thousands of alert Americans, who appreciate Chandler quality, welcome the new Dispatch. You, too, will be delighted with it if you wish a really good car, with style in design and beauty in finish and unexcelled in its ability to perform.

The new series Chandler Dispatch is handsomely upholstered in bright finish hand buffed leather. It seats four passengers in the ultimate degree of comfort. Its finish is in the beautiful new Chandler Rainbow Blue, richly lustrous.

You are asked to pay much more for cars which might perhaps be compared with the Chandler. And cheap cars sell for but little less

## N. C. STATE NEWS

A Digest of Everything Worth Knowing About Old North State Folks and Things

—Sheriff J. E. C. Bell of Vance County has been indicted on a charge of gambling. The case is now being tried in the courts of the county.

—Ed Coley, charged with criminal assault on 11-year-old Gladys Stanberry whose disappearance from her home in Nash county occasioned much alarm last week, has been bound over to the Superior Court, without bail. Coley was a laborer on the Stanberry farm.

—Edward Kidder Graham, Jr., son of the late President Graham of the University of North Carolina, has been adopted by the trustees of the University, who will care for and educate the boy as a memorial to his distinguished father. The boys mother died two years ago.

—Paul Wagner of Newton, a member of one of the Agricultural Extension Service poultry clubs, has a flock of 15 hens which have laid 1,108 eggs in four months from Feb. 1 to June 1. Wagner has realized a net profit of \$33.40 on his small flock, or an average gain of over two dollars per hen.

—North Carolina Masons celebrated Tuesday, June 24 as St. John's Day at the Oxford Orphanage. Many members of the organization were present at the exercises, which included a barbecue and the presentation of the Grand Lodge Memorial to Past Grand Master Claude L. Pridden of Kinston.

—Rev. Joe Johnson, pastor of the colored "Church of God and Saints of Christ" in Wilson was assaulted in the pulpit last Sunday by a member of his congregation armed with a knife. Parson Johnson beat off his assailant with a chair, and both were fined in police court next day.

—To meet the great and increasing demand for competent highway engineers in North Carolina, the State College at Raleigh has created a new department of highway engineering, which will be a subdivision of the civil engineering department. All this year's graduates in civil engineering are going into State highway work.

—The tax rate for the city of Durham has been fixed at \$1.50 per \$100 property valuation for the coming year. Due to the economical administration of the city government, a surplus of about \$14,000 has accumulated. Salaries of the city clerk and city auditor were increased, and the city tax collector was placed on a salary basis of \$2400 per year.

—The National Prisoners' Relief Society is endeavoring to have the Department of Justice investigate prison conditions in North Carolina, following a recent investigation by the North Carolina prison board, by whom charges were declared groundless. The board likewise denies that prisoners reporting cruel treatment were severely punished.

—The Government is carrying on dredging operations in the Cape Fear river below Fayetteville. This work will be rushed to completion, and the river will then be opened for steamboat service between Fayetteville and Wilmington. Two companies have stated their intention to operate boat lines between these cities as soon as the channel is completed.

—The city commissioners of Raleigh have decreed that public dancing in that city must be above reproach, but they are uncertain just how to cope with the quiver "shimmie" and other ultra-modern dances which they argue are being carried on in an objectionable manner. It is suggested that a police matron be present as a chaperone at each dance.

—Two bold burglars recently entered the home of Miss Corinna Rogers of West Durham, and at the point of a pistol made her submit to being gagged blindfolded and tied hand and foot to the bed, after which they ransacked the room, appropriating \$75 in currency. Miss Rogers was found and released by the cook early in the morning. The robbers have not been apprehended.

—Walter D. Hines, Director General of Railroads, has flatly declined to grant special railroad rates to homeseekers desirous of settling in North Carolina and other Southern States on the ground that lower fares would not materially benefit any part of the country. He states moreover that the Railroad Administration is seeking to increase rather than diminish its revenues.

—A red flag was raised at the naval air station at Morehead City one night last week, and as a result four sailors are locked in the guard house awaiting trial for mutiny. The trouble is said to have arisen over discontent among the men due to the cancellation of discharge orders. The flag has been sent to Washington for finger print tests.

—Stripped utterly naked, and with a 5-ounce bottle of poison lying two-thirds empty besides her, Vassie Thompson, 35-year-old white woman was recently found dead in a vacant house in Raleigh. The woman has long been addicted to the use of drugs, and when under their influence was possessed of an insane mania to tear off her clothes. She has a son in France.

—The combined exhibits of several United States Government departments will be shown at the State Fair to be held at Raleigh in October. This material will include photographs, charts, and miscellaneous samples from the department of Agriculture, Trophies of the Great War from the War Department, and models of ships, with all sorts of navy equipment from the Navy Department. An extensive and interesting display is promised.

—The three-year canning club record of Miss Tazzie Dean and her two sis-

ters of Granville county, is considered an unusual achievement by the United States Department of Agriculture. On one-fifth of an acre in this period of time the girls have earned enough from their canned vegetables to remodel and paint their home, and buy new furniture; to pay half the expenses of one girl in college for two years, and to pay a part of the cost of a new automobile. In addition they supplied the family table with garden products, all from this plot of ground.

### CO. CHURCH EXTENDS CALL TO E. F. AYDLETT

Attorney E. F. Aydlott of Elizabeth City has been called to the pastorate of a country church in Perquimans County. The explanation of this unique proposition is told in the current issue of The Emancipator the monthly journal of Blackwell Memorial Baptist Church of this city. The Emancipator says:—

"Hon. E. F. Aydlott, who by the way is always interested in Church work, went with Mr. Charlie Ward, Mr. Louis Norman, and Rev. Josiah Elliott to Bethel church Sunday afternoon of June the first. The object of this visit on the part of Mr. Aydlott was to unite this Church with others making a compact field. On arriving he found a big debt, so the first thing he did was to raise the money cash in hand to pay it off. We understand however that he and other visiting brethren gave a pretty large part of the indebtedness. Mr. Norman showed them how they could have a preacher for all time, and Mr. Aydlott made such a fine speech that one of the members approached Mr. Ward to find out if Mr. Aydlott were available for their pastor. If the church extends the call, it is quite likely that Mr. and Mrs. Aydlott will live in Hertford. They have not fully decided about taking their colored man, Joe, along with them, but if Bethel presents them with a new Ford automobile, it is more than likely that Joe will accompany them. Certainly we wish them much joy in their newly chosen avocation."

### Satisfied His Curiosity.

An inquisitive young gentleman read this advertisement in a local paper: "Young man, some woman dearly loves you. Would you know who she is? Send postal order for ten shillings to Occult Diviner, address as below, and learn who she is." He sent the money and received this answer: "Your mother."

## ODD FELLOWS PLAN BIG CENTENNIAL MOVEMENT

Elizabeth City, a Stronghold of Odd Fellowship Will Play Big Part

At a recent session of the Grand Lodge I. O. O. F. in Asheville plans were made for launching the Centennial Movement, in commemoration of the One Hundredth anniversary of the founding of American Odd Fellowship. This will be a campaign for the purpose of reviving interest among the inactive lodges, enlarging the membership, strengthening its finances and supporting the institutions of the Order. The Grand Master was authorized and directed to appoint a General Chairman of the Centennial Movement and he has named Hon. M. L. Shipman, Past Grand Master, who will direct the campaign in co-operation with the Grand Secretary and the Grand Master. The thirty living Past Grand Masters will constitute the advisory committee. This includes Mr. P. H. Williams, of Elizabeth City, who is also chairman of the Grand Lodge Finance Committee.

Plans are already being worked out whereby it is expected that the membership will be materially increased during this year. The District Supervisors will have a very important part in the conduct of this campaign. Mr. D. H. Tipton is District Supervisor of following counties: Camden, Currituck, the First District, which embraces the Dare, Gates, Chowan, Pasquotank, and Perquimans. This district contains seventeen subordinate lodges and is one of the largest and most progressive districts in North Carolina Odd Fellowship.

The semi-annual session of the First District Convention will be held in Elizabeth City July 16-17, at which time definite plans will be made for the prosecution of the Centennial Movement in the First District.

John D. Berry, Grand Secretary, is a native of Camden County. His office at Raleigh will be the center of activities during this Centennial campaign. The recent Grand Lodge authorized him to employ a field worker for full time and the Grand Secretary, with the Grand Master and District Supervisors will conduct the most aggressive campaign for the upbuilding of the Odd Fellow lodges in North Carolina that has been witnessed in "The Old North State" in many years.

Elizabeth City is an Odd Fellow stronghold and will be expected to play an important part in this centennial movement, as is always characteristic of her aggressive spirit whenever anything is concerned that is for the uplift of humanity.

### STATE COLLEGE ADVERTISES

The advertisement of the North Carolina State College of Agriculture and Engineering appears in this issue of the Independent. Young men who contemplate fitting themselves for efficiency and success in Agriculture or in Civil, Electrical, Mechanical, Chemical, or Textile Engineering should investigate the advantages which are offered at this well known technical College. Full information may be had by writing Registrar E. B. Owen at West Raleigh.

### OF INTEREST TO BORROWERS ON MORTGAGE

Under the new Home Purchase Plan the Equitable Life Assurance Society of the United States is prepared to make 10 year loans at 6% on approved home property up to 50% of the Society's appraisal, and not exceeding \$3,000.00.

The Home Purchase Plan provides for a uniform monthly payment including interest, repayment on account of principal and life insurance to the amount of the loan. In event of death of borrower at any time before the expiration of loan period the mortgage is cancelled by the life insurance, and the amount representing payment on account of principal is returned to the family.

Charges for making the loan are extremely reasonable and as loan runs during entire period of 10 years, there are therefore, no renewal charges or commissions. A large part of the initial charges are borne by the Society.

## Diamond SQUEEGEE TREAD Tires Are Motorists Confirmed Gamblers?

Will motorists always put their good money up for unknown tires and gamble that they'll get their money's worth?

Will they eternally shop around, trying first one make and then another? Or will the time come when they'll choose one of the well-known makes of tires, certain to give a splendid service—and then stick to that!

Business houses don't shop for "bargains"—they buy tires on a business basis. When they find that Diamonds right in this town are running 5,000, 6,000 and 8,000 miles as often as any other tires, and COST LESS than most tires, they concentrate on Diamonds.

There's no gamble in such tires! We would like to get your tires on a business basis.
